Profile

I am a confident and eager software engineer, excited to leverage my skills in coding and problem-solving to create comprehensive solutions. With a strong foundation in programming and a dedication to continuous learning, my goal is to contribute to innovative software development projects and teams.

Technical Skills

- **Languages:** JavaScript (Node.js, Browser)
 - **Testing:** Test Driven Development (TDD), Jest, Supertest
 - **Back-end:** Express.js, PostgreSQL, seeding, migrations
 - **Front-end:** HTML, CSS, React (Vite, Next.js), Lighthouse
 - **Hosting:** Supabase, Render, Netlify, Vercel
 - **Soft skills:** Paired programming, Technical Communication, SDL, Agile and SCRUM Methodologies
-

Professional Experience

Freelance Software Developer

(2024 - Present)

Exhibition Curation Platform

Commissioned by Tech Returners, I developed a platform integrating third-party APIs for users to browse museums and universities artwork collections and curate temporary exhibitions. The platform provides an intuitive user interface for users to search and browse artworks, apply filters, and organise collections efficiently.

Frontend: Built with Next.js, HTML, and Tailwind CSS.

GitHub Repo: <https://github.com/ZviHaffner/exhibition-curator>

Hosted Website: <https://exhibition-curator-nine.vercel.app/>

Software Consultant

Providing technical advice and solutions for a company requiring assistance with existing software.

Currently in discussions regarding developing a tailored software solution.

Trainee Full Stack Developer

Northcoders (April - July 2024)

An intensive coding bootcamp designed to equip individuals with the skills and knowledge needed to thrive in the tech industry. At Northcoders, I engaged in an immersive learning experience, mastering programming languages, tools, and methodologies essential for a modern software developer.

Northcoders Solo Project

Developed a full stack news application with a backend API and a frontend web interface of a news application for viewing articles, posting comments, and voting.

Backend: Built using Node.js, PostgreSQL and Express, featuring CRUD operations and a full Jest test suite.

GitHub Repo: <https://github.com/ZviHaffner/be-project-nc-news>

Hosted API: <https://be-project-nc-news.onrender.com/api>

Frontend: Built with React, HTML, and CSS, providing an intuitive user interface.

GitHub Repo: <https://github.com/ZviHaffner/nc-news>

Hosted Website: <https://nc-news-zh.netlify.app/>

Northcoders Group Project

Developed a mobile application allowing users to create, manage, and view travel itineraries as well as packing lists to enhance the travel experience. The backend utilised Firebase, the frontend was built with React Native. Also explored was the use of TensorFlow for machine learning.

Work Experience

Retail Associate & Cashier

Kosher Savers (2020)

Provided customer service by handling transactions, packing orders and assisting customers with product inquiries.

Camp Counsellor (Volunteer)

Yad Yisroel (2018 - Current)

A Belarus-based charity supporting disadvantaged children. I served as a counsellor in a Russian speaking summer camp responsible for supervising and entertaining groups of 10-20 children over a 3-week period. Jointly raised approximately £40,000 for the cause along with my brother and have visited the community.

Education

BSc in Liberal Arts - GPA 4.0 (1st equivalent)

Excelsior University (2023)

Rabbinical Student

Yeshiva (2018 - 2024)

Studied Jewish civil, criminal and ritual law in addition to ethics.

High School/ College Education

Manchester Mesivta School (2012 - 2018)

Participated in a fast-tracked schooling, completing GCSEs aged 15 and A-Levels aged 17.

A-Levels: Chemistry, Biology, Economics

GCSEs: 11 subjects - Grade A* - C

Hobbies & Interests

- Solving puzzles (Nonograms, LinkedIn games, Crosswords, Wordle... anything challenging).
- Reading informative magazines (BBC Focus, BBC History, Classic Cars).
- Watching educational YouTube videos and documentaries, for example, short infographics, the latest tech advancements, car channels and obviously a bit of comedy/entertainment.
- Playing and following football as well as Formula 1 - unfortunately limited to following for now.
- Participating in an evening study group dedicated to Talmudic studies accompanied by various lectures.
